

## Annexin (ANXA10)

**Catalog No.** PY-20122

**Scale:** 1mg

**Form:** lyophilized protein

### Target description

Annexin A10, ANXA10

### Products

**E. coli derived ANXA10 (a.a.1-162) fusion protein with His tag.**

### Comments

**Protein ID : GI:13938374**

**Fusion tag : 4kDa (His-tag)**

**Purity : > 90%**

**Fusion protein size : 21 kDa**

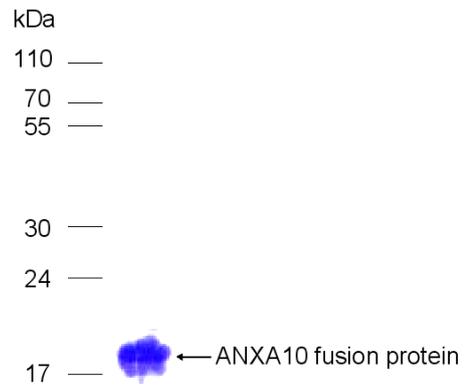

### Storage

Redissolve the powder with 1ml sterile water will restore to the original concentration 1mg/ml. For long-term storage at -20°C. Aliquot to avoid repeated freezing and thawing.

### Application

Dilute with 1XPBS for Western blot, ELISA test antigen, Immunogen

### SDS PAGE analysis (Commassie blue staining)

E coli-derived ANXA10 fusion protein.  
15% SDS PAGE gel analysis.

**FOR RESEARCH USE ONLY AND NOT INTENDED FOR DIAGNOSTIC OR THERAPEUTIC USE**
